**ADELAIDE – BRISBANE – MELBOURNE – PERTH – SYDNEY**

## RETAILERS - WE CAN DELIVER TO YOUR COUNTRY CUSTOMERS

We can help your salespeople lock in and complete an on the spot in-store order for remote towns and farming communities. No more delivery quotes required.

Large items such as fridges, washing machines, dryers, beds, mattresses and TVs are between \$50 - \$250 a delivery.

Furniture items need to be discussed based on size.

We go to these following locations every week and we 100% guarantee to be under any delivery quote you or a customer can find. Since we are already going to these towns/regions, should you find a quote lower than ours, we'll beat that quote by \$10. We are a competitive company, so should a customer come back with a counter quote that's under ours, we'll beat it again by \$10.

We are fully insured to cover any items you want delivered once loaded.

**For all eastern and southern deliveries into towns/regions outside Perth, please contact us.**

These are our weekly northern deliveries.
